13:35 – 13:45	<b>Mag.rer.nat. Dr. phil. Martin Pühr -</b> "Identification of molecular mechanism responsible for docetaxel resistance in prostate cancer cell lines"	O 02
13:45 – 13:55	<b>Dr. med.univ. Rupert Oberhuber -</b> "The Role of Endothelial Nitric Oxide Synthase in Ischemia - Reperfusion Injury and Chronic Allograft Vasculopathy"	O 03
13:55 – 14:05	<b>Mag.rer.nat. Ulrike Binder PhD -</b> " <i>Galleria mellonella</i> as a host model to study invasive fungal infections due to <i>Mucorales</i> "	O 04
14:05 – 14:15	<b>Dr. phil. nat. Janine Kimpel -</b> "Vesicular Stomatitis Virus Pseudotyped with the Glycoprotein of the Lymphocytic Choriomeningitis Virus as an HIV Vaccine Vector"	O 05
14:15 – 14:25	<b>Priv. Doz. Dr. Raimund Helbok -</b> "Pathophysiology of Global Cerebral Edema in Aneurysmal Subarachnoid Hemorrhage - A Microdialysis Study"	O 06
14:30 – 15:00	<b><i>Coffee break</i></b>	

**MUI-START SYMPOSIUM**  
**Friday June 28th 2013, Lecture Hall Pharmacology**

TIME	<i>Poster introductions</i>	Abstract
15:00 – 15:01	<b>Dr. Birgit Frauscher -</b> “Assessment of normative values of motor activity during sleep: A video-polysomnographic study in a representative tyrolean population sample”	P 01
15:01 – 15:02	<b>Dr.med.univ. Peter Lackner -</b> “Brain metabolic changes during the acute phase of murine cerebral malaria. In depth characterization of cell death mechanisms, glutamate associated excitotoxicity and potential treatment strategies”	P 02
15:02 – 15:03	<b>Dr.med.univ. Markus Theurl -</b> “Therapeutic angiogenesis by the neuropeptide catestatin”	P 03
15:03 – 15:04	<b>Dr.med.univ. Theresa Hautz -</b> “Targeting IL-1b in Composite Tissue Allotransplantation: Investigation of its local Effect on Skin Rejection”	P 04
15:04 – 15:05	<b>Dr.med.univ. Martina Stichberger -</b> “Effects of Vasopressin on Migration and Oxygen Free Radical Release of Human Leukocytes”	P 05
15:05 – 15:06	<b>Mag. Selma Tuzlak -</b> “Role of the prosurvival BCL-2 family protein A1 in T cell homeostasis and autoimmune disease”	P 06
15:06 – 15:07	<b>MD PhD Manfred Nairz -</b> “Effects of the Erythropoietin-analogue ARA290 on the course of chemically-induced colitis”	P 07
15:07 – 15:08	<b>Mag.rer.nat. Michael Blatzer PhD -</b> “BoIA - a transcriptional regulator required for stress adaptation in A. fumigatus?”	P 08
15:08 – 15:09	<b>DI (FH) Dr.rer.nat. Judith Hagenbuchner -</b> “Regulation of glycolysis and mitochondrial respiration by BIRC5/Survivin in neuronal tumor cells”	P 09
15:09 – 15:10	<b>Ass.Prof. Dr. med.univ. Joachim Schmutzhard -</b> “The involvement of the inner ear in sepsis syndrome in the cecal ligation puncture (CLP) mouse model”	P 10
15:10 – 17:00	<i>Coffee and Poster discussion</i>	

**MUI-START SYMPOSIUM**  
**Friday June 28th 2013, Lecture Hall Pharmacology**

**Oral talks**

Oral presentation should last no more than 5 min to have 5 min for discussion. Please provide the powerpoint presentation of your talk at 12:45 in the lecture hall stored on an USB stick.

**Poster presentations**

The size of posters should be A0 = 80 cm HORIZONTAL x 120 cm VERTICAL.

The Poster should include: title, abstract, material and methods, results and discussion.

Posters can be mounted previously to the symposium on the poster walls in the seminar rooms. Please mount the posters accordingly to the numbers in the programme and which will be also posted on the poster walls.

The posters should be first introduced by the project leader within 1 minute with the help of one or two overview slides (powerpoint) in the lecture hall.

The aim of this 1-minute-introduction should be to draw interest to your poster and attract people to come to your poster afterwards for further discussions.
