

1st Announcement

**BioNanoMed
2012**

International Congress

NANOTECHNOLOGY IN MEDICINE & BIOLOGY

01 - 02 MARCH 2012, KREMS/AUSTRIA

TECHKONNEX
High-Tech Promotion

BioNanoMed 2012

1 - 2 March, Krems/Austria

TOPICS

BioNanoMed2010 will focus on the following topics:

Nanotechnology Enables Personalised Medicine

New Frontiers in Medicine & Biology

- Cancer

- *Magnetic Nanotherapy*
- *Receptor based Targeting*

- Nanostructured Materials for Regenerative Medicine

- *Dentistry*
- *Cardiovascular Science*
- *Neurology*
- *Orthopedics*

- Diagnostics & Therapy

- *Molecular Imaging*
- *Nano-Sensing*
- *Drug Delivery*

- Multidisciplinary Nano-Technologies

- *NanoBio-Photonics*
- *NanoBio- Electronics*
- *Nano-Toxicology*

Special Session I

How to bridge the Gap between Engineers, Clinical Scientists and Doctors

Nanomedicine means application of nanotechnology methods in medicine and in therapy as well as in diagnostics. Therefore, multidisciplinary processes have to be started and organized in order to bridge engineers, natural scientists and medical doctors, to initiate cooperations, to exchange knowledge and to find target applications for nanoengineered tools in medicine.

Special Session II

Commercialisation of NanoMedicine Products / Processes

Industrial Perspective of Nanomedicine, Challenges, Milestones of Applied Nano-Medical Technologies, Unsolved Problems, Needs (FDA Regulations), Nanomedicine in Clinical Trials, Ethics in Nanomedicine, Nano Safety, Policy - Political Statement to Nanomedicine – Austria/EU, Patents.

BioNanoMed 2012

1 - 2 March, Krems/Austria

Call for Papers

Exciting lectures and invited talks given by leading international scientists as well as poster presentations will offer delegates a good opportunity to discuss pioneering developments and to initiate cooperation projects.

You are cordially invited to submit an abstract for a contribution (oral or poster presentation) to the BioNanoMed 2012 International Congress.

The 2012 Program Committee seeks a diverse and comprehensive technical program covering pioneering developments for early recognition and treatment of diseases.

Authors wishing to contribute to BioNanoMed 2012 must submit a half-page maximum abstract electronically to office@bionanomed.at.

Target Audience

The conference addresses clinical physicians as well as nanoscientists with a background of pharmacology, biology, physics, chemistry and engineering involved in the development and clinical application of nanomedicine.

The conference is also of interest for policymakers, experts from industry in the field of life sciences as well as all those investigating the potential of future emerging technologies.

Important Deadlines

Oral contributions: Submission deadline 27 November 2011

Poster contributions: Submission deadline 17 February 2012

Early bird registration: 16 December 2011

Registration closing: 27 February 2012

Abstracts for all sessions are now invited!

Information

Congress Language

English

Credit - (CME/DFP) Points

For attending the BioNanoMed 2012- Congress participants will get Credit - (CME/DFP) points.

Erwin Schrödinger Society Poster Awards

Erwin Schrödinger Society Awards 2012 are intended to recognize outstanding research presented. Awards are granted to the best three poster contributions (€ 300 for the first, € 200 for the second and € 100 for the third place).

Participation for Students

The student fee applies to full-time students only (please send a letter with signature and stamp from the University to office@bionanomed.at).

Exhibition & Sponsoring

BioNanoMed 2012 serves as an excellent platform to present your company/institution, to promote your product portfolio and to establish direct links to a broad audience of experts. By becoming an exhibitor or sponsor you will make a great contribution to support the BioNanoMed 2012 congress.

Congress Fees

Early registration: € 280,- (valid til 15 December 2011)

Late registration: € 320,- (On-Site € 360,-)

Students: € 175,- (valid til 15 December 2011)

Students late registration: € 200,- (On-Site € 210,-)

Congress Dinner participation: € 30,- (after 15 December 2011 € 33,- , On-Site € 38,-)

All prices exclude VAT of 20%.

The congress fee includes admission to scientific programme, poster sessions and exhibition, congress documentation and refreshments during the coffee breaks.

BioNanoMed 2012

1 - 2 March, Krems/Austria

Venue

Danube University Krems
Section A, Audimax

Dr. Karl Dorrek Str. 30

3500 Krems/Austria
