

INVITATION

ZEISS On Your Campus Symposium & Workshop

Test the **new**
ZEISS LSM 980
with **Airyscan 2**

Dear Sir/Madam,

Join the first ZEISS On Your Campus Workshop in Austria and **be among the first to test the new ZEISS Laser Scanning Microscope, ZEISS LSM 980 with Airyscan 2!**

This Workshop is composed of lectures and practical hands-on sessions to inform you about the newest trends in confocal imaging & superresolution microscopy. Learn more about how machine learning simplifies your image analysis and practical applications of the ZEISS Airyscan. The ZEISS specialists will help you to improve the utilization of your current microscopy equipment.

Thursday, August 1

Symposium: room M01.470.

Hands-On: room M01.381, the meeting point will be at room M01.370.

Friday, August 2

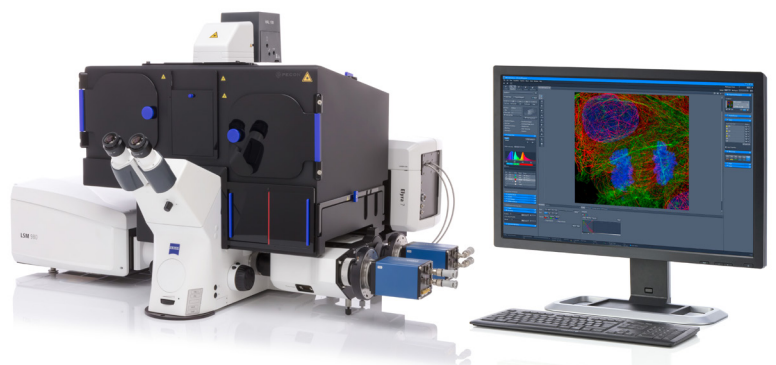

Hands-On: room M01.381, the meeting point will be at room M01.370.
