Reminder zu Newsletter 11-2018 vom 28.05.2018

Important reminder for all: Works Meeting 29.5.2018, 13.00 Uhr, großer HS Chirurgie

Fellow scientists, student co-workers, post-docs, professors at all levels,

as all of you know the Medical University of Innsbruck has not made any arrangements to fill positions for tenure track and other §99-UG-Professors. The Rectorate did not take appropriate steps to convince us that they care for the university's future. Thus we have to call you for another Works Meeting tomorrow in the Large Auditorium of Surgery (großer Hörsaal Chirurgie) at 1 p.m..

We are pleased to have Rector Magnificus Prof. Fleischhacker as guest. He will inform all scientists personally about the plans to secure the academic future of this our university.

The Works Council has a small voice but if all of you are present, we have impact. So, pause your experiments, interrupt lectures, postpone writing your papers and meet us!

Your participation is your power!

The Scientists' Works Council will provide snacks ("Weißwürstel", pretzels and drinks) in the lobby of the auditorium prior to the meeting starting at 12.30 p.m..

We would like to point out that participation within regular working hours has to be made possible by your superior.

Yours sincerely,

Wolfgang Freysinger
Head of the BRWiP
