

## Einzelprojekte

D. Swarovski - Role of TIS7 and SKMc15 genes during muscular differentiation and regeneration

D. Swarovski

2004-2006

ÖNB - Analysis of the TIS7 and SKMc15 genes function during the neuronal development

ÖNB

2004-2005

FWF - Rolle der TIS/SKMc15 gene in regeneration

FWF

2006-2009

IFTZ - Identification of the regulatory mechanisms involved in TIS7-regulated differentiation and regeneration processes

IFTZ

2007-2009

FWF - TIS7, methylation and muscle differentiation

FWF

2010-2015
