

OENB-Projects running

[18469 Prediction of non-canonical neoantigens for next-generation colorectal cancer immunotherapy](#)

Project lead: FINOTELLO Francesca
University / research place: Institute of Bioinformatics, Biocenter, Medical University of Innsbruck, Innrain 80-82, 6020 Innsbruck, Tyrol, Austria
Lifetime: 01.10.2020 – 30.09.2023

[18362 Intradialytic calcium kinetics and cardiovascular risk in hemodialysis patients](#)

project lead: PIRKLBAUER Markus
university / research place: University Hospital for Internal Medicine IV, Medical University of Innsbruck, Anichstr. 35, 6020 Innsbruck, Tyrol, Austria
lifetime: 01.07.2020 – 30.06.2024

[18280 The Impact of Glucocorticoid Administration on Prostate Cancer Progression and Therapy Resistance](#)

project lead: PUHR Martin
university / research place: Division of Experimental Urology, Medical University of Innsbruck, Anichstr. 35, 6020 Innsbruck, Tyrol, Austria
lifetime: 01.11.2019 – 31.10.2022

[18279 Connection of DNA damage and repair with the immunome in high grade serous ovarian cancer](#)

project lead: HACKL Hubert
university / research place: Institute of Bioinformatics, Biocenter, Medical University of Innsbruck, Innrain 80-82, 6020 Innsbruck, Tyrol, Austria
lifetime: 01.02.2020 – 31.01.2022

[18019 Understanding and salvaging hepatocyte ER stress in Wolcott-Rallison syndrome associated acute liver failure](#)

project lead: VOGEL Georg-Friedrich
university / research place: Department of Pediatrics I, Medical University of Innsbruck, Anichstr. 35, 6020 Innsbruck, Tyrol, Austria
lifetime: 01.04.2019 – 31.03.2022

[18001 AGMO function and ether lipid metabolism in human adipose tissue biology](#)

project lead: SAILER Sabrina
university / research place: Institute for Biological Chemistry, Biocenter, Medical University of Innsbruck, Innrain 80-82, 6020 Innsbruck, Tyrol, Austria
lifetime: 01.03.2019 – 28.02.2022

17968 Novel genes for congenital diarrheas

project lead: JANECKE Andreas
university / research place: Department of Pediatrics I, Medical University of Innsbruck,
Anichstr. 35, 6020 Innsbruck, Tyrol, Austria
lifetime: 01.05.2019 – 30.04.2022

17942 Exercise as an add-on therapy in smoking cessation in schizophrenia patients

project lead: HOLZNER Bernhard
university / research place: University Hospital for Psychiatry II, Medical University of Innsbruck,
Anichstr. 35, 6020 Innsbruck, Tyrol, Austria
lifetime: 01.03.2019 – 28.02.2023

17633 RESIST – Combating fungal RESistance mechanisms within a Three – dimensional biomimetic system

project lead: WILFLINGSIEDER Doris
university / research place: Division of Hygiene and Medical Microbiology, Medical University of
Innsbruck, Schöpfstr. 41, 6020 Innsbruck, Tyrol, Austria
lifetime: 01.06.2018 – 31.12.2021

17620 Non-invasive exosome-based method to predict HNSCC recurrence after radiotherapy

project lead: SKVORTSOVA Ira-Ida
university / research place: University Hospital for Radiotherapy and Radiation Oncology,
Medical University of Innsbruck, Anichstr. 35, 6020 Innsbruck, Tyrol,
Austria
lifetime: 01.04.2018 – 31.12.2021

17614 SCell – Role of Systemic and Cellular Complement in DCs

project lead: POSCH Wilfried
university / research place: Division of Hygiene and Medical Microbiology, Medical University of
Innsbruck, Schöpfstr. 41, 6020 Innsbruck, Tyrol, Austria
lifetime: 01.03.2018 – 31.08.2021

17605 Unraveling novel aspects of microbe-host communication

project lead: MOSCHEN Alexander
university / research place: University Hospital for Internal Medicine I, Anichstr. 35, Medical
University of Innsbruck, 6020 Innsbruck, Tyrol, Austria
lifetime: 01.07.2018 – 30.06.2021

17551 Human relevance of nuclear orphan receptor NR2F6 as lymphatic biomarker candidate involved in defined cancer entities

project lead: BAIER Gottfried
university / research place: Division of Cell Genetics, Medical University of Innsbruck,
Schöpfstr. 41, 6020 Innsbruck, Tyrol, Austria
lifetime: 01.01.2018 – 31.12.2021

17287 Zytokinexpressionsanalysen und Konfokalmikroskopie zur Beurteilung der Leberorganqualität

project lead: OBERHUBER Rupert

university / research place: University Hospital for Visceral, Transplant and Thoracic Surgery,
Medical University of Innsbruck, Anichstr. 35, 6020 Innsbruck, Tyrol,
Austria

lifetime: 01.01.2017 – 31.08.2021
