MedTechLab

With the new virtual “MedTechLab” the WTZ-West together with the Medical University of Innsbruck (MUI), the Management Center Innsbruck (MCI) and in cooperation with the Standortagentur Tirol creates a new innovate format for information, innovation, training, networking and cooperation.

The MedTechLab will organize over the coming months a number of workshops and lectures with focus on Medical Technology. Moreover, we will organize 2 to 3 “Innovation Trips”: excursions to interesting and innovative MedTech companies.

One inherent part of the MedTechLab is the organization of the “MedTech Science Days”. We will hold a minimum of 5 MedTech Science Days during the upcoming months.

The focus of the MedTech Science Day lays on the presentation of the main research topics and facilities of different research units of both institutions. We want to offer you an attractive opportunity to establish new contacts and expand your network.

The MedTech Science Day will bring together scientists with a research focus in MedTech and will provide an overview of their current research facilities and topics. Furthermore, the Standortagentur Tirol will announce these events in its website and will invite potential interested companies from its clusters.

To this aim the WTZ-West together with the MCI and the Standortagentur Tirol will organize several MedTech Science Days within the next months. The MedTech Science Days will take place at the MUI and MCI on a rotating basis.

We will start at the Medical University of Innsbruck where the following researchers will present their facilities/ laboratories:

Ao. Univ.Prof. Dr. Wolfgang Freysinger - 4 D Lab
Mag. Dr. Josef Seebacher - Laboratory of Psychoacoustics
Priv.Do. Dr. Wolfgang Recheis - Micro-CT

The next MTSD will take place at MCI in February 2018.

1. MedTech Science Day

Location:

Medical University of Innsbruck, University Hospital for Otorhinolaryngology, Lecture room, 4th floor ENT

Date:

Thursday. November 9th, 2017

Time: 13:00-17:00

Programme:

13:00	Registration
13:15	Welcome
13:30	4D Lab Ao. Univ.Prof. Dr. Wolfgang Freysinger
13:45	Laboratory of Psychoacoustics Mag. Dr. Josef Seebacher
14:00	MicroCT Priv.Do. Dr. Wolfgang Recheis
14:15	Visit the Labs followed by a Get2Gether

Please register until November 8th :
