2nd MedTech Science Day Medical Engineering at MCI

This event is carried out in cooperation with
MCI Management Center Innsbruck and the Cluster Life Science
of Standortagentur Tirol:

MEDIZINISCHE
UNIVERSITÄT
INNSBRUCK

The WTZ - West is supported by:

MedTechLab

The MedTechLab is a new virtual platform, driven by the WTZ-West together with the Medical University of Innsbruck (MUI), the Management Center Innsbruck (MCI) and supported by the Standortagentur Tirol. Its aim is to gather information, foster innovation, offer training, and enable networking and cooperation.

Over the upcoming months, the MedTechLab will organize a number of workshops and lectures with focus on Medical Technology. Moreover, 2–3 "Innovation Trips" will take place: excursions to interesting and innovative MedTech companies.

One inherent part of the MedTechLab is the organization of the MedTech Science Days at the MUI, MCI and UMIT. The institutions will present their main research topics and facilities. The event brings together scientists with research focus on MedTech and interested representatives of the industry.

Take this opportunity to get information about the research of MCI in the field of medical engineering and expand your network!

We are looking forward to welcoming you at the MedTech Science Day!
Your MCI-Team

The next MedTech Science Day will estimatedly take place at UMIT in April 2018.

2. MedTech Science Day

Location:
MCI, Maximilianstraße 2, Ground floor

Date:
Thursday, February 22nd, 2018
3:00-5:00 p.m.

Programme:

3:00 p.m. Welcome

3:15 p.m. Lab Tours

- Haptics
- Electronics
- Radio frequency ablation
- Sports engineering
- Flow measurement

4:30 p.m. Closing session & networking

Please register until February 15th, 2018:
