research programme training courses. Since 2010 he has expanded his activities to designing European Research Strategies for Universities, Research Centres and Large Companies. Dr McCarthy has presented training courses in 290 different research centres in 29 countries throughout Europe and more than 55,000 participants have attended his training courses. Nowadays he is one of the most recognized and experienced specialist and trainer concerning the participation at European Framework Programmes in whole Europe.

The aim of this half-day course featuring Dr Sean McCarthy is to train researchers and research managers in writing professional and competitive proposals for the Horizon 2020. The course describes the relevance of Horizon 2020 to EU policies, the common problems in proposal writing and the success criteria for proposals. The course provides tips on how to collect information, how to select strategic partners and how to avoid duplication in proposal writing. The final section describes a strategy for proposal writing.

Dr Sean McCarthy has been involved in all aspects of European Research since 1980. He has been active as a researcher, research manager, research group leader, and company director. Since the mid-1990 he had specialised to European Research Strategies. In the mid-1990's he identifies a niche in designing specialised European
