

To support our team we are looking for a motivated and committed

# Biomedical Analyst Technical Assistant and Biologist

Institute of Hygiene and Medical Microbiology, employment 40 hours/week, with immediate effect, third-party funding, initially limited to 1 year with the option of extension

## Your area of responsibility

- Processing of human samples for the detection of bacteria, fungi and parasites in the routine laboratory
- Preparation of antibiograms
- Technical validation of findings

## We are looking forward to

- Completed Bachelor's degree in Biomedical Analytics or equivalent training (BMA)
- Completion of a scientific or technical education at Bachelor's level (Technical Ass.; Biologist)
- Entry in the Health Professions Register (BMA)
- Ability to work in a team and independence
- Commitment and flexibility
- Willingness to work late and weekend shifts

## You can expect

Located in the centre of Tyrol, we offer the best conditions at an attractive location, a secure and long-term job, a value-oriented working environment, exciting and varied activities, the opportunity for professional and personal training as well as numerous (voluntary) additional company benefits.

For the intended employment group IIIb, the minimum wage under the collective agreement is currently € 3,071.30 gross per month (14 x per year) and may possibly increase on the basis of the provisions of the collective agreement by taking into account previous work-specific experience as well as by other remuneration components associated with the special features of the job.

## Your application

Please send your detailed application digitally (as pdf files) by 15.02.2025 to: [bma-bakteriologie@i-med.ac.at](mailto:bma-bakteriologie@i-med.ac.at)

Institute of Hygiene and Medical Microbiology  
Schöpfstraße 41  
6020 Innsbruck

The Medical University of Innsbruck strives to increase the proportion of women among scientific and general university staff, especially in management positions, and therefore expressly encourages qualified women to apply. In the case of under-representation, priority will be given to women with the same qualifications.
