

MCBO

Program

MCBO Concluding Symposium April 4th - 6th, 2018

Wednesday, April 4th 2018

13:30 Welcome & Introduction

MCBO ALUMNI ORAL PRESENTATION

13:40 **Marin Barisic**

Unravelling microtubule properties and modifications

14:00 **Eleonora Ottina**

Endogenous retroviruses and adaptive immunity to cancer

14:20 **Andreas Lieb**

Biochemical autoregulatory gene therapy for focal epilepsy

14:40 **Tatsiana Aneichyk**

*Non-coding variation in Mendelian disorders: a case study of X-linked
Dystonia-Parkinsonism*

15:00 **Isabella Heidegger**

Biomarkers and new therapeutic targets in prostate cancer

15:20 coffee break

15:50 **Cornelia Thöni**

*Altered Expression of ATP-binding cassette (ABC) transporters ABCB11 (BSEP) and
ABCB4 (MDR3) in hepatocytes of patients with primary sclerosing cholangitis (PSC)*

16:10 **Reinhard Hinterleitner**

*Intestinal microbe-mediated inflammation triggers autoimmunity and malignancies
in genetically susceptible hosts*

16:30 **Julia Höfer**

*The role of *pias1* in cancer radiotherapy response*

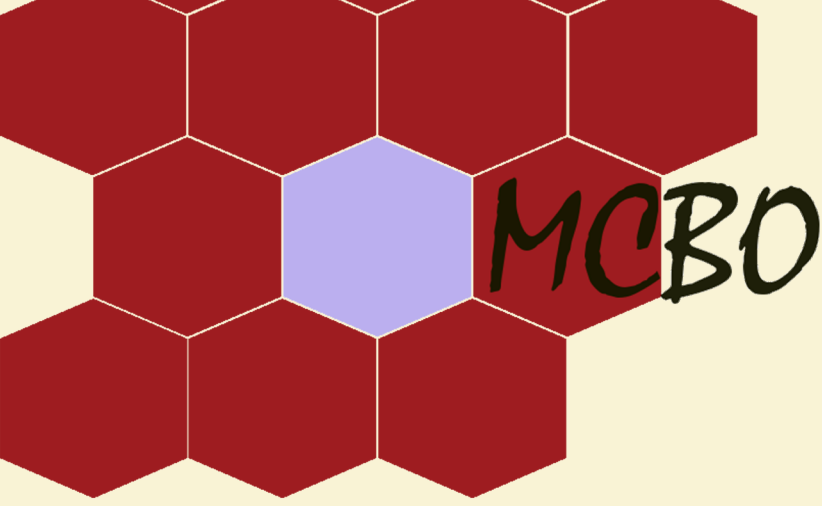

16:50 short break

17:00 **Plenary Lecture - Anna Obenauf (IMP Vienna)**

*Towards rational combination therapies: Understanding molecular mechanisms of
metastasis and therapy resistance*

18:00 close - transfer to Villa Blanka

19:00 MCBO Gala Dinner

Program

MCBO Concluding Symposium April 4th - 6th, 2018

Thursday, April 5th 2018

Life Science PhD Symposium - MCBO participation

*active MCBO students present their research projects during short talks
and joint poster sessions*

from 18:15

MCBO & CMBI Plenary Lecture - Ana J. García-Sáez (University of Tübingen)

Friday, April 6th 2018

Life Science PhD Symposium - MCBO participation

*active MCBO students present their research projects during short talks
and joint poster sessions*

from 15:00

Award ceremony - MCBO Best Paper Award

Fabian Schuler

*Checkpoint kinase 1 is essential for normal B cell development
and lymphomagenesis*

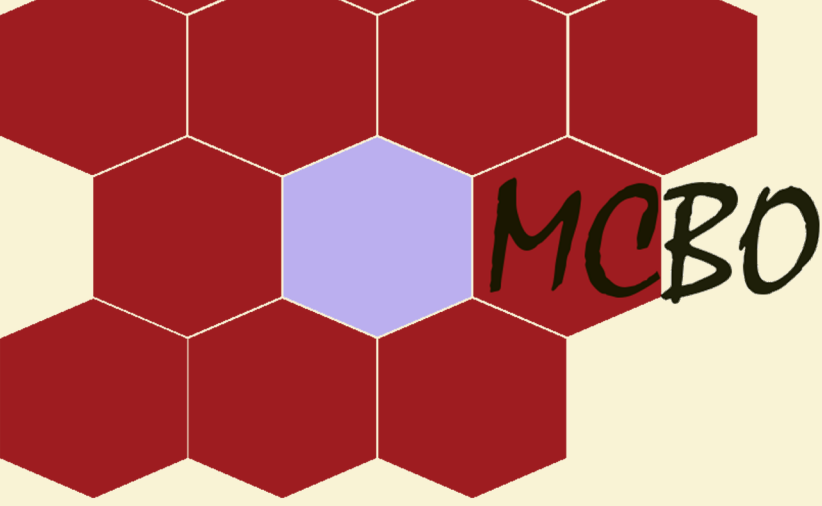

MCBO 2018 Alumni Lecture

Marta Campiglio

STAC - CaV1 interactions in skeletal muscle EC coupling

from 18:05

Buffet & Grande Finale with live music by our MCBO Band

Program overview

MCBO Concluding Symposium April 4th - 6th, 2018

	Wednesday, April 4 th MCBO CONCLUDING SYMPOSIUM	Thursday, April 5 th LIFE SCIENCE PHD SYMPOSIUM	Friday, April 6 th LIFE SCIENCE PHD SYMPOSIUM
08:30		08:30 - FEBS Workshop	
09:00			
09:30			09:25 - Announcements
10:00			09:30 - Plenary Lecture Jannie Borst
10:30			10:15 - Flash Talks Session #2
