
Pre-event Wednesday, April 4th 2018

MCBO Concluding Symposium

13:30-17:00 MCBO alumni talks
M.EG.180

17:00-18:00 Plenary lecture: Anna Obenauf (IMP Vienna)
M.EG.180 *Towards rational combination therapies: Understanding molecular mechanisms of metastasis and therapy resistance*

Program Thursday, April 5th 2018

08:30-12:00 **FEBS Workshop** "Good practice in publishing/writing"
M.EG.180

12:00-12:35 Lunch break

12:35-12:55 Welcome notes
M.EG.180

12:55-13:40 **Plenary lecture** (SPIN)
M.EG.180 **Peter Scheiffele** (Universität Basel)
Molecular programs of neuronal synapse specification

13:40-14:00 **Flash talks** (2min presentations) Thursday session:
M.EG.180 Poster #20, 23, 30, 46, 52, 54, 57

Short talks M.EG.180

14:15-14:30 Talk#1: Hofer Nadja
14:30-14:45 Talk#2: Mitric Miodrag
14:55-15:00 Talk#3: Härtner Lorenz

Short talks L.EG.200

Talk#4: Lohmüller Michael
Talk#5: Fischer Patrick
Talk#6: Hoser Simon

15:00-17:00 **Joint poster session** with coffee: Poster #1-58
Aula / Foyer Please be at your poster if your abstract number is:
even: 15:00-16:00 odd: 16:00-17:00

Short talks M.EG.180

17:00-17:15 Talk#7: Gröbner Rebekka
17:15-17:30 Talk#8: Samyr Kenno
17:30-17:45 Talk#9: Hofer Livia
17:45-18:00 Talk#10: Grasse Marco

Short talks L.EG.200

Talk#11: Sprenger Simon
Talk#12: Yordanov Teodor
Talk#13: Liebscher Gudrun
Talk#14: Huang Anming

18:15-19:00 **Plenary lecture** (MCBO+CMBI)
M.EG.180 **Ana García-Sáez** (Universität Tübingen)
Apoptosis regulation at the single molecule level

19:00-22:00 Crackers, cheese & wine at the posters

Program Friday, April 06th 2018

09:25-09:30 Announcements

M.EG.180

09:30-10:15 **Plenary lecture** (ÖH)

M.EG.180 **Jannie Borst** (Netherlands cancer institute Amsterdam)

How Mother Nature optimizes the cytotoxic T cell response

10:15-10:35 **Flash talks** (2min presentations) Friday session:

M.EG.180 Poster #60, 68, 76, 81, 99, 104, 110, 122

Short talks M.EG.180

Short talks L.EG.200

10:45-11:00 Talk#15: Zohaib Syed

Talk#20: Weiss Alexander

11:00-11:15 Talk#16: Ömer Gregor

Talk#21: Mayrhofer Johanna

11:15-11:30 Talk#17: Bastos Ana-Carolina

Talk#22: Enzler Florian

11:30-11:45 Talk#18: Chandorkar Parul

Talk#23: Olson William

11:45-12:00 Talk#19: Milosavljevic Srdjan

Talk#24: Aschenbrenner Bertram

12:00-13:00 Lunch break

13:00-15:00 **Joint poster session** with coffee: Poster #59-122

Aula / Foyer Please be at your poster if your abstract number is:

even: 13:00-14:00

odd: 14:00-15:00

15:00-17:00 **Award ceremony:**

M.EG.180 SPIN best paper award lecture: **Jonghwi Park**

Sprouty2 enhances the tumorigenic potential of GBM cells

MCBO best paper award lecture: **Fabian Schuler**

Checkpoint kinase 1 is essential for normal B cell development and lymphomagenesis

CMBI PhD project award

PhD program info – MCBO & doc.funds CaV-X

SPIN alumnus talk: **Kai Kummer**

Neuron function in Fabry disease - more than lysosomal storage disturbance?

MCBO alumna talk: **Marta Campiglio**

STAC - CaV1 interactions in skeletal muscle EC coupling

Best microscopy picture award

Poster/talk awards

17:15-18:00 **Plenary lecture** (HOROS)

M.EG.180 **Malcolm Richardson** (University of Manchester)

The mycobiome of the respiratory tract: does it reflect what you breath in?

18:00-18:05 Closing remarks

18:05-? Buffet & Grand Finale (Party) with "The molecular shapeshifters"
