

INNSBRUCK MEDICAL UNIVERSITY NEUROSCIENCE

Neuroscience Day 2009

Friday, 20th March 2009

Congresspark Igls

Neuroscience Day 2009

Congresspark Igls

On the Friday following Brain Awareness Week we will have a Neuroscience Day at the Congresspark Igls. This university event will showcase neuroscience research at Innsbruck Medical University.

Schedule of Events

08:30 - 09:00 Registration and Poster Set-Up

09:00 - 09:15 Introduction and Opening
SNI Executive Committee, Chair

KEYNOTE LECTURE

09:15 - 10:30 **Martin E. Schwab**
ETH Zurich/Inst. for Brain Research, Univ. of Zurich
„A hole in the brain - developing new therapies by understanding the plastic potential of the CNS“

PAPER PRESENTATIONS: SESSION I

Chair: Lars Klimaschewski

10:30 - 10:45 **Roland Dorn**
Institute for Neuroscience
„Neurotransmitter plasticity in sympathetic neurons“

10:45 - 11:00 **Ramon Tasan**
Department of Pharmacology
„Increased novelty-induced motor activity and reduced depression-like behavior in neuropeptide Y (NPY)-Y4 receptor knockout mice“

Lectures

11:00 - 11:15

Camilla Benetti

Division of Physiology

„Sphingosine-1-Phosphate induces sensitization in sensory neurons“

11:15 - 11:30

Break

PAPER PRESENTATIONS: SESSION II

Chair: Christoph Schwarzer

11:30 - 11:45

Giorgi Kuchukhidze

Department of Neurology

„Functional integrity of malformed cortex - an fMRI study“

11:45 - 12:00

Igea Contarini

Division of Neurobiochemistry

„Phosphorylation of Nogo-A in neurons“

12:00 - 12:15

Martin Köllensperger

Department of Neurology

„Neurotransplantation in MSA“

12:15 - 13:15

Lunch

13:15 - 15:15

Poster Session

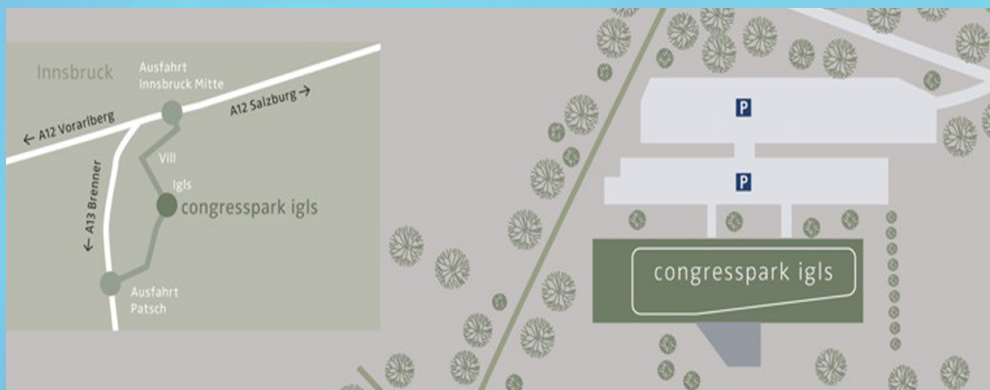

15:15 - 15:45

Coffee Break and „Meet the Professor“

15:45 - 16:00

Poster Prize Award
