PRIVACY COMMITMENT STATEMENT
for students

Dear students,

during your education at the Medical University of Innsbruck, you will be exposed to various highly sensitive personal data also from patients (especially health data).

Therefore, you commit to the following points:

- I will never pass on this data or make them available to unauthorized persons or incompetent bodies in any form, neither in writing, orally or electronically.
- I handle any data, that has been entrusted to me or made accessible to me, on the basis of my medical study with care. This data may not leave the Medical University of Innsbruck or the clinic and may only be transmitted to external persons outside the Medical University of Innsbruck based on an express order of the respective superior.
- I carefully store user passwords, any passwords and other access authorizations entrusted to me and keep them secret. This applies in particular to my student ID, my KIS access authorization and my ELGA-access. I will not make my user passwords, passwords and other access authorizations available to other persons and will not use user passwords, passwords and other access authorizations of other persons.
- Within the institutions of the Medical University of Innsbruck I do not make any image, sound or video recordings that violate the personal rights of other persons or the interests of the Medical University of Innsbruck without express permission.
- I will not store any personal data on private data carriers and will securely encrypt data carriers of any kind on which personal data, especially of patients, is stored.
- Even when using social media privately, I have to make sure that no conclusions can be drawn about sensitive information or internal processes and that the interests of the Medical University of Innsbruck are not impaired.
- I will always make statements on social media that relate to the Medical University of Innsbruck in a factual and respectful form and in accordance with the interests of the Medical University of Innsbruck. I acknowledge that the dissemination of inaccurate, discriminatory and reputation-damaging content is inadmissible.
- I will comply with the rules and regulations applicable to clinical institutions as part of my studies (e.g. German: Famulatur, Praktika KPJ), especially those, that regulate the treatment of patients and their personal rights.
- I will observe any other far-reaching provisions on confidentiality obligations, European and national data protection law.

INNSBRUCK

We would like to point out, that this obligation continues even after you have completed your studies and that you cannot suffer any disadvantages from the refusal to execute an order that violates data secrecy. However, violations of the confidentiality obligations mentioned here, can result in criminal law, administrative law and damages law consequences.

Current information, documents and contact details on data protection at the Medical University of Innsbruck can be found on the intranet on the data protection coordination page of the Medical University of Innsbruck under the following link:

<https://meduni-ibk.atlassian.net/wiki/spaces/abteilungenformulare/pages/1049264243/Datenschutzkoordinator>

There you will also find the contact details of the data protection coordinator of the Medical University of Innsbruck, who is available to you in case of any questions.
